

Year 4 Home Learning Timetable

The following document gives you a two week learning timetable for your child to complete at home. There is daily English, maths and then another subject lesson. For English and Maths, links and resources have been provided so that you can map the learning.

Within the email sent, there is a folder full of resources. The English is a lesson plan for each day. It will have a specific objective and task to complete. Maths will be accessed through the White Rose website and is inline with the content that we are covering in class currently. The aim is for your child to continue learning the same objectives as we are in class to minimise any learning gaps.

The other units of work are taught via Oak Tree Academy (the government online platform) and then submitted via Purple Mash.

If you have any issues, please email me on a.lyons@ourladystarofthesea.lancs.sch.uk

Daily Learning to complete in addition to the weekly timetable set:

- Reading daily for 30 minutes.
- Practise spellings that have been set for homework and collect other words that have the same spelling rule.
- IXL Maths - Have you completed all of the Year 4 strand A and B in maths? You can now start to complete strand C and D- Addition and Subtraction.
- IXL English - Strands G H I Complete these strands on prepositions, contractions and conjunctions. This will compliment the grammar that we have completed in class.
- Times Table Rock Stars daily.

Don't forget to use all of these online platforms to support your learning at home.

Year 4 Home Learning Timetable Week 1

	Monday	Tuesday	Wednesday	Thursday	Friday	
English	<p align="center"><u>Year 4 English Unit - Lancashire Unit Week 5</u></p> <p>CHOCOLATE!- What a lovely thing to study! This unit of work focuses on the sweet stuff. You will be reciting poetry, writing a fact page, using description and also inventing your own chocolate bar—complete with slogan! You might need to eat some too to get in the zone!</p>					
Maths	<p align="center"><u>White Rose Online Learning</u></p> <p>Please follow this link and complete 3 lesson videos. Resources for the lessons are in the folder. Start from Subtract a 3 digit number from a 3 digit number -exchange lesson and continue from there. Once you have got the hang of the column method for subtraction—make some calculations of your own and practise them.</p> <p align="center">https://whiterosemaths.com/homelearning?year=year-4&term=autumn</p>					
Other unit of work	<p>Science - Solids, Liquids and Gases</p> <p>We are beginning this Science topic in class this week. We are starting with Making Ice Cream.</p> <p>Follow the Powerpoint given in your folder, "Science Launch Lesson—Making Ice-Cream," to conduct this experiment.</p> 		<p>Homework is live on the website.</p> <p>Please focus on spellings, maths and reading as well as the additional tasks. Have you been on Times Table Rockstars this week?</p> 		<p>RE - Parables</p> <p>We have looked at Jesus's teachings in class and reflected upon them. Now watch Lesson 3 about parables Jesus told.</p> <p>https://classroom.thenational.academy/units/christianity-90fd</p> <p>Make a book of one of the Parables on Purple Mash and explain its meaning on the last page. You can find book templates in 2publish plus.</p>	 <p>ART - Observational Drawing</p> <p>Create a painting of a landscape.</p>
