

Our Lady Star of the Sea Catholic Primary School

Year 4 Optional Homework - Summer 1

Retrieval and review task Science

Rocks—Go for a rock spotting walk.

What type of rock are different buildings made out of? Can you find any examples of erosion on rocks?

Retrieval and review task Geography

Volcanoes and Earthquakes

- Complete a search to find out which volcanoes are erupting today. Can you find out any other interesting facts about volcanoes or earthquakes?

Retrieval and review task Science

Plants—Go and look for flowers.

Can you find the stigma and stamen. Can you remember how plants reproduce?

History

Viking boats—Can you make a Viking boat at home? What will you make it out of? You can bring it into class along with your knowledge about Viking longships.

History

Who were the Vikings?—Can you find out about them. Where did they come from? Why did they come here? What was their way of life like? What did they believe?

RE

What can you find out about St. Peter and St Paul. Both are very important to our catholic faith but why? Why were they such good followers of Jesus. What can we learn from them?

Science

Sound—Can you make up your own experiment involving sound? What is sound like under water? Does sound travel through things?

French

Use this song to figure out how to say the weather in French.

[BBC Two - Not Again Farley, Episode 1, 'Not Again Farley!' - Weather \(French\)](#)

RHE

Draw a picture of yourself. Around it write what qualities you would like to have. What helpful thoughts could you have to be the person you want to be?
