

Your two Tutankhamun tasks!

1. Make an ancient scroll – and write the answers to these questions in FULL sentences.

When was it discovered ?
Who discovered it ?
Who paid for the excavations?
What was found inside the tomb?
How many years did the archaeologist look for the tomb?
Why was the discovery so important for historians?

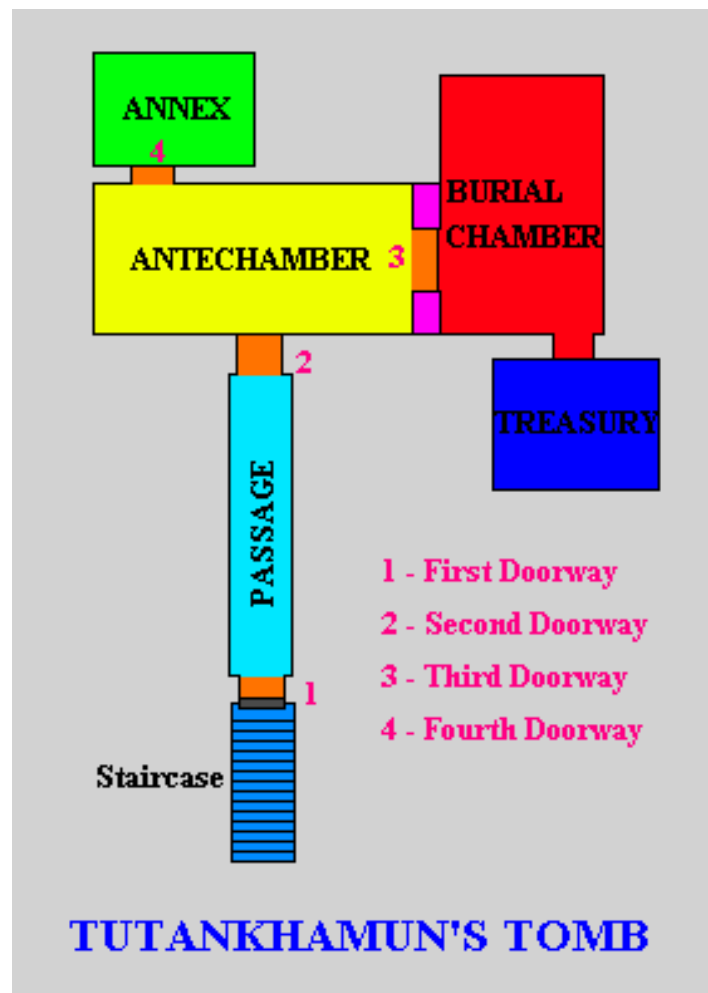

2. Re-create the tomb. This can be as a drawing – copy the plan carefully and draw the different objects in.

Or you could make out of lego or a life size one in your garden! Use your imagination!

Take photo of your scroll and model/drawing and add as photos in Purple mash document set using green arrow.

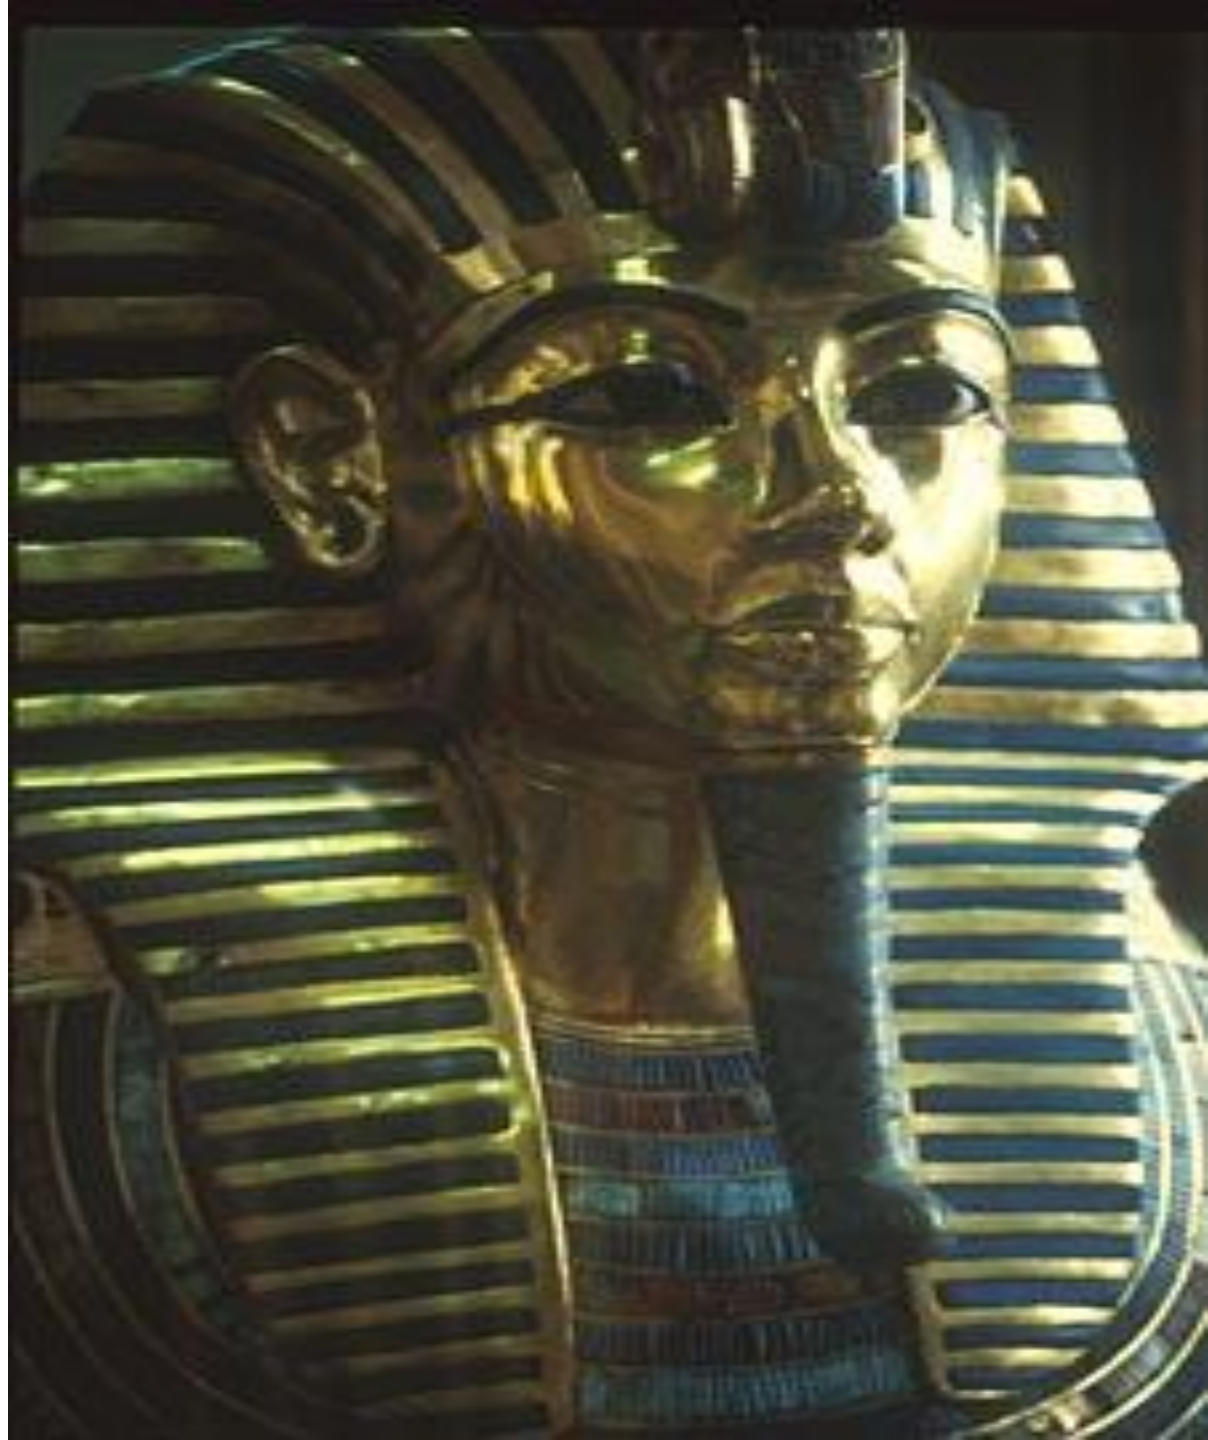

What did they find...?

- Carter, accompanied by Lady Evelyn and Lord Carnarvon, were the first people to see the interior of Tutankhamun's tomb since it had been sealed. Carter cleared a small hole:
- *I inserted the candle and peered in. At first I could see nothing, but as my eyes grew accustomed to the light, details began to emerge. Strange animals, statues, and gold, everywhere the glint of gold. For a moment (an eternity it must have seemed to the others standing by), I was struck dumb with amazement, and when Lord Carnarvon enquired anxiously if I could see anything, it was all I could do to utter the words, 'Yes, wonderful things'.*

Some of the objects
Tutankhamen wished to use in the afterworld

Howard Carter escorting artifacts from Tut's tomb. 1923
