

Week Beginning - 22nd February 2021

Year 1 Remote Learning Challenges

Don't forget to share photos of you learning remotely.

h.kaur@ourladystarofthesea.lancs.sch.uk

PE

Let's get outside and breathe in the fresh air! Can you create your own obstacle course? What skills will you practise in your obstacle course? Hopping, kicking, throwing or jumping? Think about what you want to improve and challenge yourself!

RE

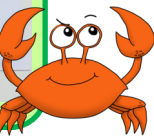

Lent is a time to **pray**...who might need your prayers at this time? Lent is a time to **fast**...what can you give up? Lent is a time to **give**...who can you give your love and time to?

Think deeply about the promises you want to make this Lent. Write your promises in your neatest handwriting and decorate them. Can you stick your promise somewhere you can see it everyday and remind yourself of the promises you have made?

Science

We are going to begin learning about Plants!. Have a look around your garden or go on a walk. What flowering plants can you see? Do you know what they're called? Can you create your own memory game with names and pictures of flowering plants. Practise playing the game and learning the names. Your purple mash task will help you to do this.

Spellings

This weeks spellings are on Purple Mash for you to practise.

Art

Check out Mrs Curtis' Art blog for this weeks learning.

Extra Challenges
